

Squirrel 4.6.0 Installation

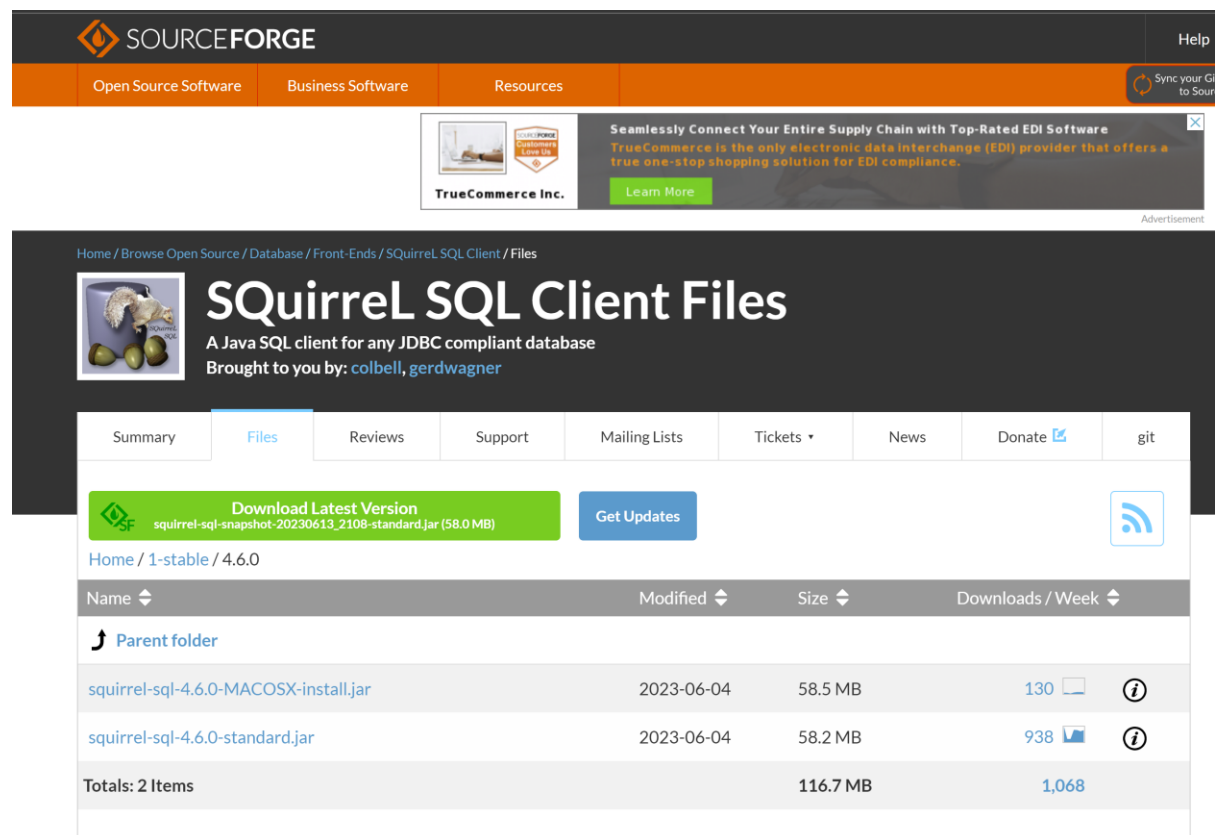

Check Java version installed on you PC by typing **java -version** at *Command prompt*:

```
C:\Program Files>java -version
java version "18.0.1.1" 2022-04-22
Java(TM) SE Runtime Environment (build 18.0.1.1+2-6)
Java HotSpot(TM) 64-Bit Server VM (build 18.0.1.1+2-6, mixed mode, sharing)
```

If you don't have java **version 18** or later, download installation file at https://download.oracle.com/java/18/archive/jdk-18.0.2.1_windows-x64_bin.exe and install it leaving default values.

After having successfully installed Java 18, go to <https://sourceforge.net/projects/squirrel-sql/files/1-stable/4.6.0/>

Download **squirrel-sql-4.6.0-standard.jar**
